

Year 2 Spring 2 2026 Home Learning

'MUST DO' TASKS

Reading

We will continue to change our reading books weekly, after our reading practise sessions. Please listen to your child read their book which they should be able to do independently. If they can't read a word, read it to them and talk about the book with them when they have read it. Read as often as you can. **Just 5 minutes a day will make a HUGE difference!**

This half term maybe you could share some poetry books with your child? Maybe you could follow a simple recipe and ask your child to spot the bossy verbs?

Maths

Practise counting in 2s, 5s and 3s with your child in every day...in the car, on the way to school, in the bath...make the most of any opportunity! Grab a handful of 2ps, 5ps and 10s and see how much you have. Practise counting backwards from any number in 10s. Eg..88, 78, 68, 58, etc... Play board games that involve counting on or back. Go on a 'Shape Hunt' - Walk around the area you live, what 3d shapes can you spot? Ask your child to name them. Tell the time to quarter past and to.

SPaG

Continue to practise spellings. Every day if you can! The children are still tested every Friday and new spelling are sent home.

Practise writing sentences using a contractions (2 words that are shortened to 1 using an apostrophe eg..can't, isn't, didn't) and the suffixes 'less/ful'.

<https://www.youtube.com/watch?v=gubPH3WEurg>

Perhaps you could support your child to write a instructions on how to do a particular job. Eg..Brushing their teeth/Getting ready for school. Use bossy verbs (eg..put/brush/squeeze etc..)

'CAN DO' CHALLENGES

Challenge 1

Delicious Dishes

What will you create?

Write a recipe fit for a Super Hero! Make sure it's a healthy, delicious dish to keep them fit and strong! Be sure you make the instructions clear and add extra details so that they can followed easily. Maybe you could add some labelled diagrams to help?

Bake your "Delicious Dish" together then email a picture of the recipe and final creation to your child's class teacher who will then share it in class.

Challenge 2

This Half Term's Maths Challenge

Design and make a Super Hero maths board game!

Work together to design and make a board game to do with numbers. Maybe it could be like a Snakes and Ladders with 'maths challenges' to answer when you slide down a snake? Maybe it could be like Monopoly where you have to calculate a certain amount of money to buy something on the board?

We can't wait to see what you come up with!

Email your creations to your child's class or bring them into school to show us!

Challenge 3

PSHE

Keep a Resilience Diary!

Keep a diary of when things haven't gone your way, or when you've felt upset or disappointed about something that has happened. Focus on the positive! How did you overcome this and what did you do to make you feel positive again? You could draw a picture or write some sentences to show what happened. Don't forget to tell us about this in school. Bring your diaries in to show us.
