

Year R Spring 1 Home Learning Theme: Out of this world!

'MUST DO' TASKS

You must complete the activities in each section from the top row for your homework each week.

Reading

Be a phoneme detective by spotting the different phonemes in your Guided Reading book. Try and blend them together to read the word.

Maths

Teddy Bears Picnic

Pick a number between 1 and 9 and count out the correct number of biscuits for your teddy.

How many biscuits would teddy have if he had 1 more or 1 less?

Repeat for all the teddies at your picnic.

Which teddy would have the most biscuits? How do you know?

Spelling/phonics

We have been looking at what letters in each word make it tricky. E.g. In she it is e as it makes its name rather than its phoneme.

Can you begin to learn how to spell some of the tricky words.

'CAN DO' CHALLENGES

You can decide if you would like to complete any of these challenges this half term, in addition to your weekly homework

Challenge 1

Practise writing your name independently using the correct letter formation.

When you are confident with your first name try writing your surname.

Harvey

Challenge 2

Try and find out 3 interesting facts about space and share them with your teacher.

Challenge 3

Try and transform a cardboard box into something new using your imagination (you may need help from a grown up). Together you could:

- Add things to your box
- Cut bits out of your box
- Colour in your box

When finished ask your grown up to take a photograph to stick in your home learning book or upload it to Seesaw.
