All about me

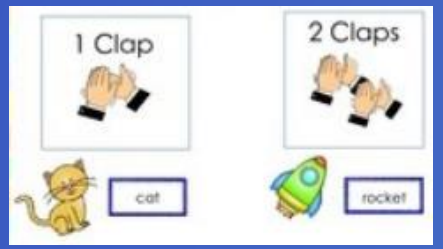

Year R Autumn 1 2026

English – Nursery Rhymes

We enjoyed exploring different nursery rhymes. We thought about how many syllables are in the words.

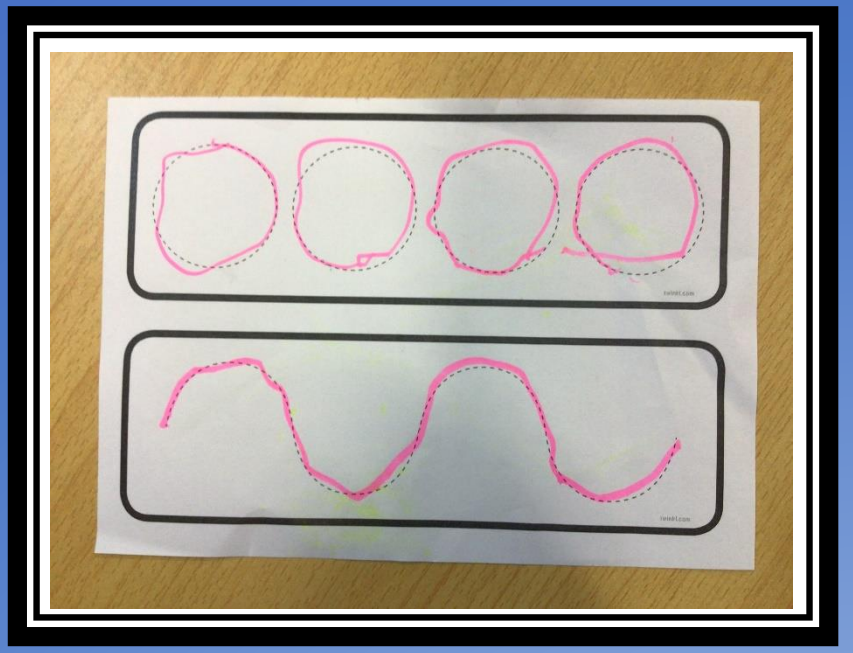

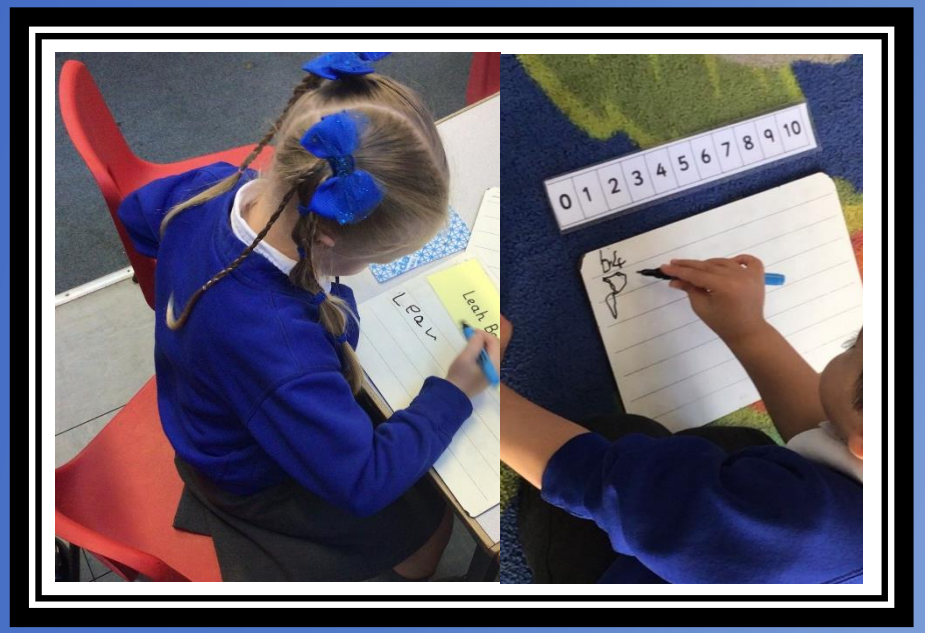

We also thought about rhyming words and spotted them in the different nursery rhymes.

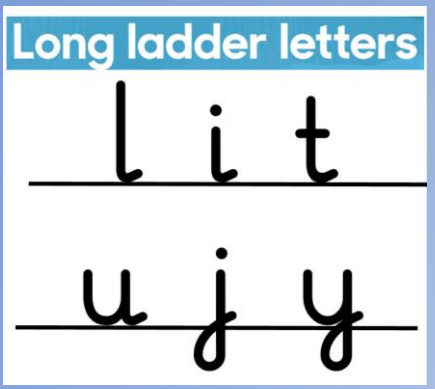

“Sheep and jeep rhyme. They sound the same”

We practised our pre writing skills, by following the dots to make a pattern.

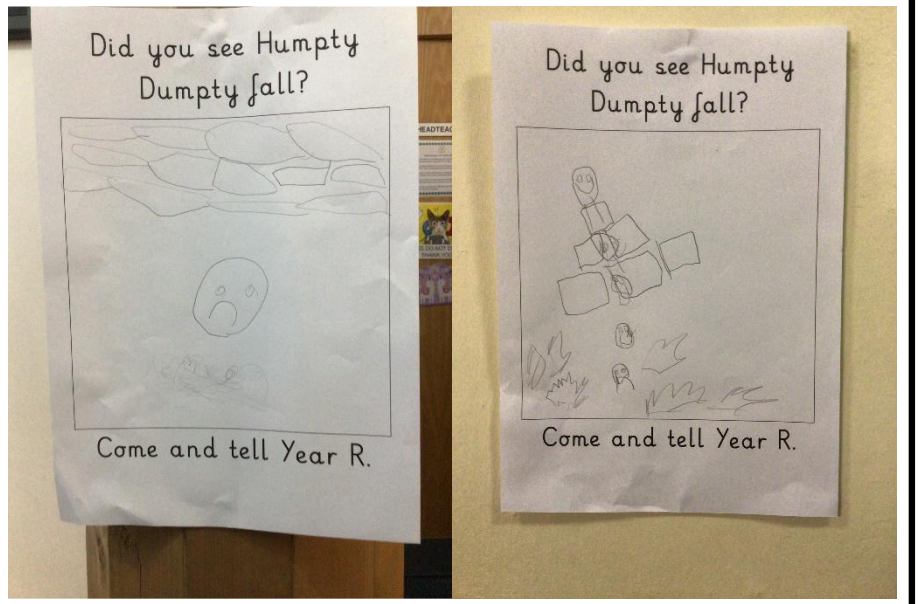

We have begun to practise writing letters and to help learn them we learn them in letter families. We have also been practising our names and numbers

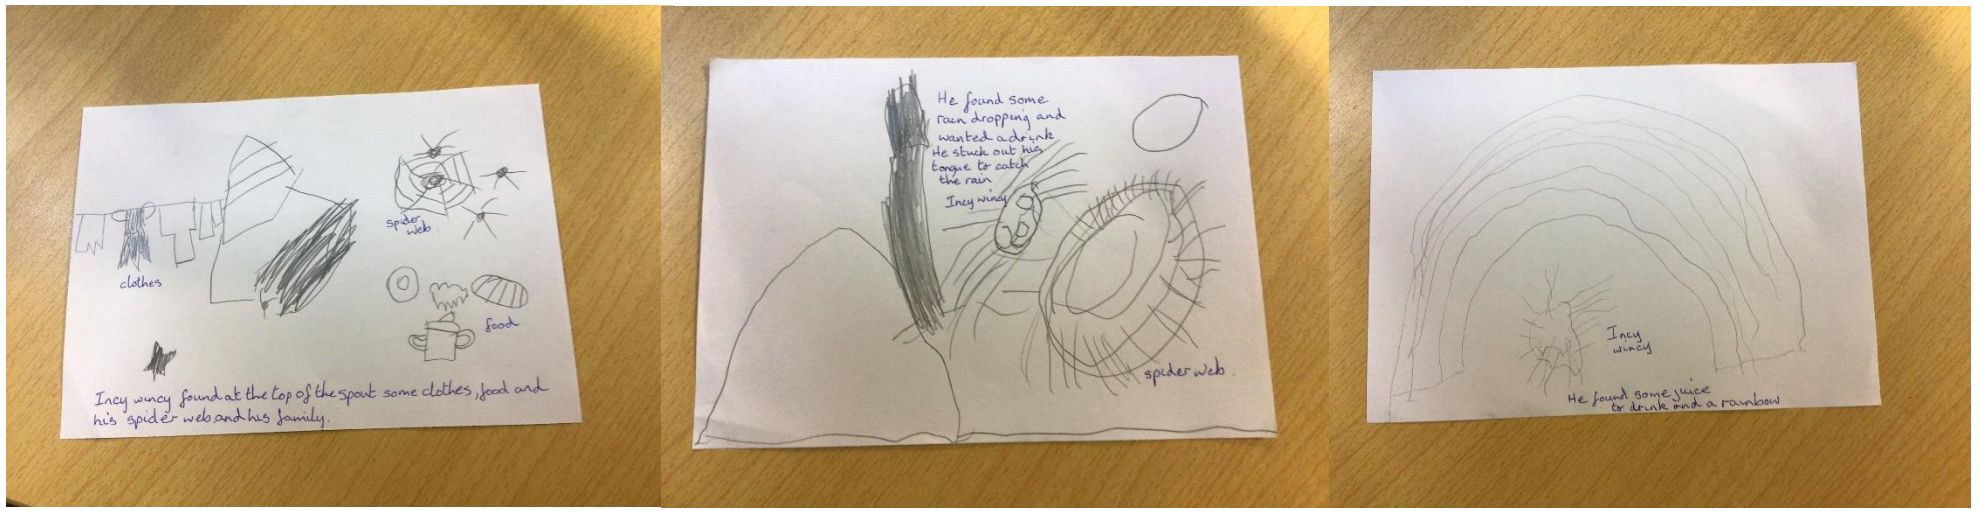

English – Humpty Dumpty and Incy Wincy Spider

We became detectives and investigated what had happened to Humpty Dumpty. We made posters to see if anyone saw anything. We then received a letter from Incy Wincy Spider to say that it was her that knocked Humpty Dumpty off the wall.

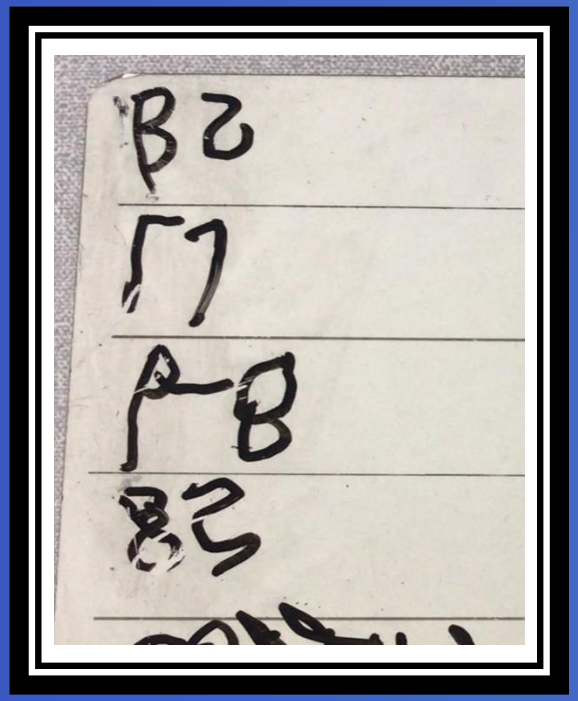

We used our comprehension skills to think about why Incy Wincy spider was climbing up the spout.

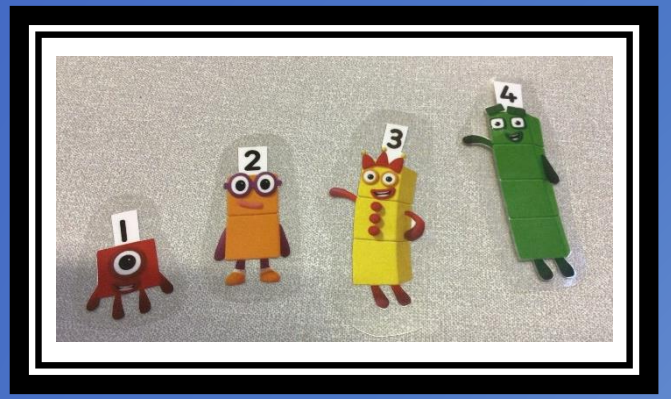

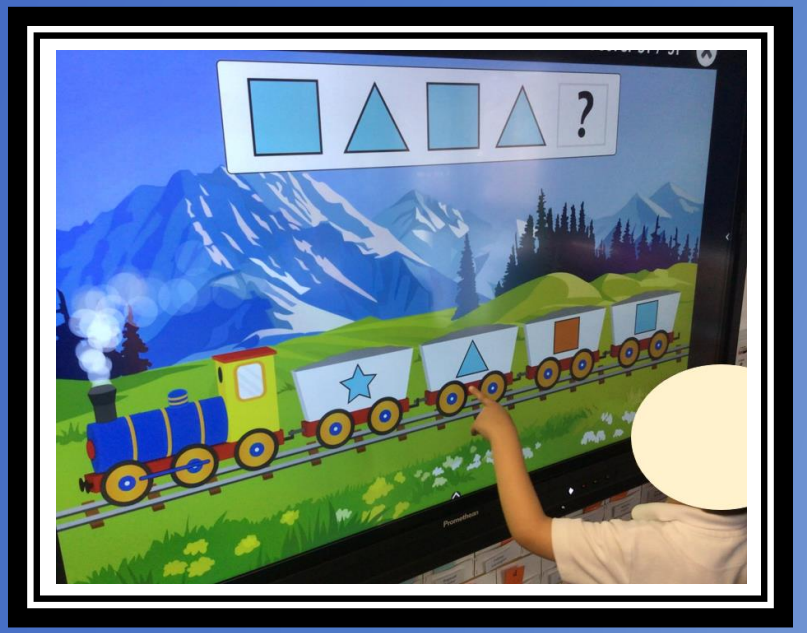

Mathematics in provision

Recording the dinner numbers

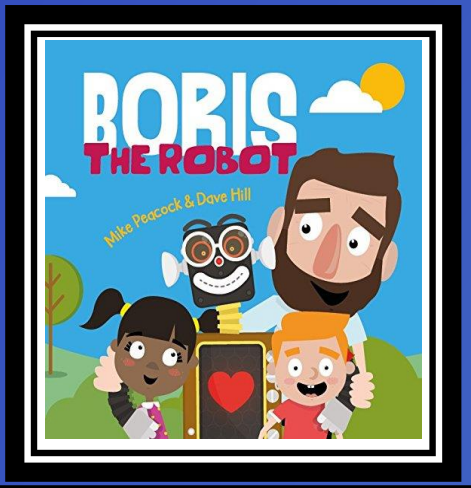

Personal, Social and Emotional Development

We listened to the story about Boris the robot and how to be HeartSmart. We talked about what filled Boris' heart.

We have spent all this term getting to know each other, making friends and learning how to play together. We have been talking about feelings and emotions and how they start in our heart.

Expressive Arts and Design

We have been using different media to make our harvest tress.

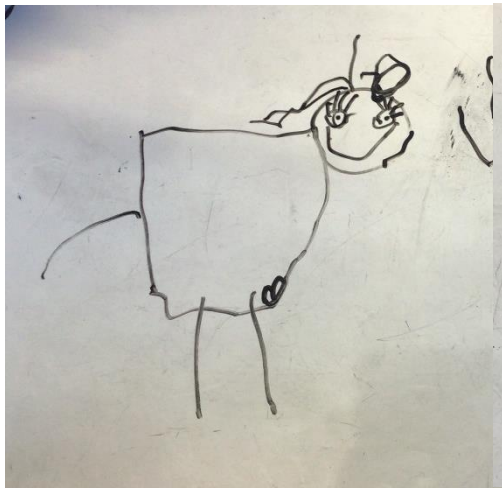

We made a friends for Baa Baa Black Sheep and Boris the Robot.

We have enjoyed using our imagination to draw on the whiteboards.

Exploring Outside

Physical development – Gross motor

During our COOL time we have been practising our gross motor skills including: balancing, jumping, skipping, upper body strength and spatial awareness.

Physical development - Fine Motor

We have been having lots of fun exploring the different fine motor activities inside and outside

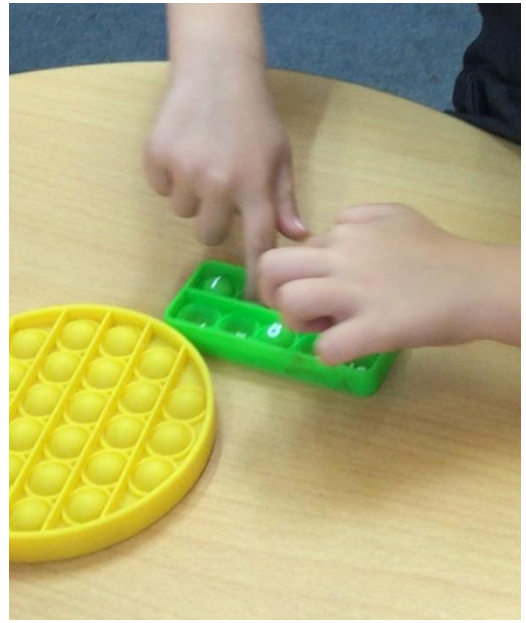

Understanding the World

We have been exploring the natural world around us.

We investigated how to get Incy Wincy Spider down the drain pipe by putting different amounts of water down the pipe and what happens when we increase the height of the drainpipe.

We investigated what material we could use to keep Humpty Dumpty safe. We made predications and proved whether they were right.

RE

We went on our first trip to the church for our Harvest Service. This represented our theme of belonging. We have a place in our school and our church. We also helped others to belong by providing them with food.

We drew a picture of our family and spoke about what we do together. This could include pets and family outside of the home.

We thought about seeds, what they grow into and how the fruits and vegetables that grown on trees end up in supermarkets and green grocers. We also shared what we grow in our gardens. We created our first painting using different media and tools.
